The **Australian Curriculum Achievement Standards in English** focus on developing students' **knowledge, understanding and skills** in listening, speaking, reading, viewing, writing and creating. The Achievement Standard describes a broad sequence of expected learning that students will undertake across the whole year.

They select and vary language features including literary devices, and/or multimodal features and features of voice.

They read, view and comprehend a range of texts created to inform, influence and/or engage audiences. They explain how ideas are represented and how texts reflect or challenge contexts. They explain the aesthetic qualities of texts. They explain how text structures shape meaning. They explain the effects of language features including intertextual references and literary devices, and visual features.

Unit Description:

Term 3: Writing Like a Writer (Genre Writing) Through studying a genre the class has selected, students will learn to recognise and analyse the stylistic choices authors make, then apply these in their own writing. With a focus on the broad genre of Fantasy, students will be appropriating genre (and author) specific vocabulary, grammar, and punctuation into their own creative writing. Students will be analysing and responding to iconic novels, before closely studying a prime example taken from these texts. They will be using this example as a model when writing their own short stories.

Term 4: Advertising (Persuasive Texts) The modern world surrounds us with advertising in many forms, trying to persuade and even mislead us to part with our money. Advertising is also used to promote political views or promote charitable causes. Whether we like it or not, advertising influences what we perceive as valuable in our society and creates social norms. It is vital that we are equipped with the critical skills to perceive the impact of these influences on ourselves and others. It is also vital that students understand how to use the techniques of advertising and persuasion to further their own ends in society.

This unit may contain topics which raise concerns with families in our community. Please contact the class teacher if you have any specific concerns.

Materials and Equipment Required: Students are expected to arrive at every class with a class book/folder to write notes for that subject, a writing instrument and a Chromebook or similar, appropriate electronic device. Students are required to provide the following additional materials and equipment: Class text available for borrowing from school library

Absences from Class: Students who miss classes due to absence or excursions must negotiate with the class teacher to catch up missed work.

Use of IT in Class: A Google Classroom has been set up for this class. Students will be required to log into this Google Classroom regularly to access course material. Students must bring their Chromebook to all lessons, however, the use of these devices in class will be at the discretion of the teacher.

Homework: Any homework will be directly related to instruction and course requirements, will be assessed appropriately and may impact upon student grades. Examples of homework may include; catch up on missed classwork, revision of classwork, study for tests, assignment work, or preparation for a class presentation.

Late Work: Extensions may be negotiated with individual teachers before the due date

Plagiarism: Plagiarism is copying or using another's work and claiming it as your own. This includes copying, cutting and pasting text or using ideas directly from a text, the internet or some other source without appropriate referencing. The use of Generative AI to produce your work, or edit it so that it no longer reflects your work, is a form of plagiarism. If this happens, work may not be graded and students will be asked to discuss the assessment with the classroom teacher and Executive Teacher for that subject. If a teacher suspects a student may have plagiarised their work they may choose to assess the student in an alternative way, such as verbally or under test conditions. Parents may be contacted as part of this process.

Assessment Portfolio: This contains evidence of work from the opportunities the students have been provided to demonstrate elements of the achievement standard.

Appeals

A student must initiate an appeal for any grade with their subject teacher. If a student is dissatisfied with that initial process, they must pursue further appeal through the Faculty Executive Teacher for that subject.
